

July 17, 2006

22 people showed up for our July meeting. Thanks everyone for showing up and participating!

Troy started the meeting at 7:20 pm. Troy mentioned the following:

- We need more participation in next year's fun tournament. Sixteen members fished in this year's fun tournament. The fun tournament is a great opportunity to meet new people and learn new fishing techniques, all in a 'low pressure' atmosphere.
- Family fun day will be Sept 9, 2006.
- T-shirts are here. Prices are \$11.00 for sizes S – XL, \$12.00 for XXL and larger.

Our guest speaker was R.C. Duckson from the Corps of Engineers at Lake Jordan. Mr. Duckson has been at Jordan since before the lake was flooded. He gave a history of the lake and passed around a photo album of pictures made while the lake was under construction. He also emphasized the following safety tips:

- Always wear a life preserver while boating.
- Never drink alcohol and operate a boat.
- Be especially alert when driving a boat through narrow places (S-turns). Several accidents have happened there.

After the presentation, R.C. distributed Fish Identification booklets, Jordan Lake maps, and gave away free items such as drink holders and floating key chains.

Our next meeting will be September 18, 2006 at the Italian Pie in Apex, 6:30 pm.
