We had a great turnout for our first tournament! Thanks to everyone that participated and 'kudos' for the doughnuts Ripple!

As this was our first tournament, it took us a little time to get folks registered and calculate the results. Now that we have gone through this once we will create our own methods to streamline the process for future tournaments.

We also want to give a special thanks to the team from NCSU. The work these folks are doing is invaluable to all of us. Thanks!

A couple of things that everyone can do to help at our next tournament:

1. Show up and get registered **before 6:30 AM**. We will be available to register you by 6:00 AM.
2. Bring CASH for your entry fees.
3. Pull up to the registration area, get registered and inspected, then move to the ramp.
4. We will post the TX registration form so you can print it out, fill it out, and bring it with you.
