

October 19, 2004

Member count as of this newsletter: 31

We had a really good turn out for our second meeting and we accomplished a lot. Thanks for coming out and participating. Without you, there is no club.

Scott provided a very professional and highly detailed financial statement for the club. Good job Scott!

Wayne introduced all new members that have paid since our first meeting. We continue to grow!

Steve reviewed old business items. He also discussed the items on the voting form. After the forms were completed, the results were tallied and shared with the group.

Here is a recap:

1. We will have our first meeting of each new year in January
2. Our tournaments will be held in the following months: March, April, May, June, October, November
3. We will develop a points systems for Angler of the Year, only your best 5 tournaments will be considered, bonus points for fishing all tournaments, other bonus possibilities?
4. Member's children age 16 and under fish for free
5. Angler of the Year will receive a trophy and \$200

Troy discussed the website and proper use. We want everyone to have fun, but be conscious of what you post and who may be reading it.

Troy informed us of the NCSU striper study. Folks will be coming out to take samples of the fish that are caught at our October 30th tournament. This is part of what this club is all about, conservation and discovery. Let's catch these folks some good samples!

Troy discussed our Rules document and Steve handed out copies. We need everyone to read this thoroughly and if you have any objections to any items, send an email to info@jordanlakestriperclub.com. We need to vote on these rules at the next meeting.

Troy and Steve displayed the club's banner. It looks great!

Our next club meeting is Monday, January 17th at the Italian Pie in Apex.
