Member count as of this newsletter: 28

Hope everyone is doing well.

We have accomplished a LOT since our first meeting.

Scott has set up our financial requirements and we have money in the bank. Thanks!

We secured the domain name [jordanlakestriperclub.com](http://jordanlakestriperclub.com) through GoDaddy. We set up our hosting account with WebHost4Life. We designed a cool club logo. The website is up and running with the exception of finishing up the "Links" area.

The message board is up and running and is packed full of features.

We designed a club banner and it will be ready by our next meeting.

The unruly weather has caused the fish to be scarce. October is around the corner and fishing will get BETTER!

Our next club meeting is Monday, October 18<sup>th</sup> at the Italian Pie in Apex.
